

Materials Disclosure Form

Please complete this form in cases where a gauge sensor is to be returned to our factory for repair /evaluation. The purpose of this form is to disclose all materials the vacuum gauge has been exposed to in order that we ensure the safety of InstruTech personnel. Please fill in all areas of the form to the best of your knowledge. Decontamination of the vacuum gauge sensor is not required. Please cover and seal the inlet port flange of the product. Enclose the product in a sealed bag before packaging it in a suitable shipping container for return to InstruTech.

Company Name: _____

Return Shipping Address: _____

Phone: _____ Fax: _____

Contact Name/Title: _____

Email: _____ RMA Number: _____

Product Model Number: _____ Serial Number: _____

Has the returned merchandise been exposed directly or indirectly to copper (Cu)? YES NO

Unfortunately we are unable to accept any components that have been exposed to mercury (Hg), biologically hazardous or radioactive materials regardless of efforts to decontaminate. Please contact InstruTech technical support if in doubt.
